Dear Mr. Schieffelin:

In conjunction with the recommended "No Action" alternative presented in the Operable Unit 11 (West Spray Fields) Proposed Plan, DOE is submitting the required Registered Engineer's Certification for the Rocky Flats Environmental Technology Site RCRA Permit Modification. Based on the Certification, DOE recommends "Clean Closure" of this Operable Unit. A public hearing on this issue is scheduled for July 19, 1995, at the Arvada Center for the Performing Arts and Humanities at 6:30 P.M.

If you have comments or would like to discuss the document prior to the above meeting, please call Dave George, the DOE OU 11 Project Manager at 966-5669.

Sincerely,

Steven W. Slaten
